Press Release

Chittaranjan Locomotive Works (CLW)

"MAN OF THE MONTH" FOR JUNE 2026 AWARDED IN CLW

Chittaranjan, 21.07.2026;

Shri B.K. Singh,Senior Section Engineer/Electric Loco Fabrication/Shop-26, Mechanical Dept., Shri Suraj Rajak ,Shunting Master-I/TPT-57 Yard, Mechanical Dept., Shri Sukhen Banerjee ,Technician-I/WS-09, Mechanical Dept., Shri M.K. Paul,Senior Technician/VB Section/ELS-19, Electrical Dept., Shri Malay Kumar Dey ,Technician-I (Welder)/Electric Loco Assembly Shop-16, Electrical Dept., and Shri Sandip Kumar Saha ,Sub-Inspector/RPF/DQM, Security Dept.have been awarded with the "man of the month" for the month of june 2026,today on 21.07.2026.

Shri Mohit Chandra, General Manager, presented these awards in recognition of their hard work, dedication, exceptional performance, and meritorious contributions, and congratulated them.

1. Shri Singh contributed to meeting shell fabrication targets by reviewing various drawings and preparing templates for components such as compressor legs and battery boxes. By establishing coordination across various departments, he made a commendable contribution toward achieving the highest shell production in the current financial year 2026-2027.

2. Shri Rajak rendered exceptional service in controlling loco shunting operations within the yard. His excellent supervision and efficient planning played a crucial role in effectively managing complex locomotive movements. He successfully implemented safe shunting procedures, a vital aspect of operational safety, to prevent any accidents.

3. Shri Banerjee works as a crane operator in the Wheel Shop. He made a significant contribution to achieving the production target of 72 L/S wheel sets in June 2026. His dedication, skill, and consistent performance in crane operations played a pivotal role in meeting the shop's production goals.

4. Shri Paul handles critical tasks—such as cab light fitting, signal exchange fitting, and air dryer connections—with great care. Even in the supervisor's absence, he takes full charge of the section and ensures smooth operations.

5. As a skilled welder, Shri Dey has demonstrated exceptional commitment, punctuality, and dedication to his duties. During the manufacturing and conversion of WAP-5 locomotives for the prestigious Amrit Bharat project, he was entrusted with the critical task of repairing severely damaged MS pipes on multiple locomotives; leveraging his technical expertise and precise welding skills, he successfully completed the repairs on every locomotive.

6. Shri Saha has played a significant role in handling establishment-related matters in his department—specifically pay fixation under the MACP scheme, promotions, pension revision cases, and other service-related tasks concerning officers and staff.

Through his dedicated efforts, modernization work and the procurement of essential items were completed within the stipulated timeframes. Recently, he also successfully resolved several long-pending employee grievances related to pension revision and pay fixation.
