CHITTARANJAN LOCOMOTIVE WORKS

PRESS RELEASE

STELLAR PERFORMANCE: CLW rolls out the 400th locomotive of FY 2025-26.

CHITTARANJAN:25.09.2025

Chittaranjan Locomotive Works (CLW), a captive electric locomotive manufacturer of Indian Railways, has set a new unbelievable record by producing the fastest 400 electric locomotives in 148 working days of the financial year 2025-26. The 400th electric locomotive was rolled out on 25.09.2025 from Chittaranjan workshop premises of CLW. Out of these 400 electric locomotives 300 have been turned out by Chittaranjan Unit and 100 by Dankuni Unit of CLW.

This year's production of record 400 locomotives is achieved in 45 days in advance as compared to 2024-25. CLW's ancillary unit at Dankuni has contributed enormously in achieving this milestone of fastest 400 locomotives as it has produced 100 locomotives in comparison to 86 locomotives produced in the year 2024-25 in the similar time frame.

Here it is worth to mention that earlier in this financial year, CLW has produced 302 locomotives (CLW Chittaranjan 228 nos.& Dankuni Ancillary Unit 74 nos.) which is the fastest 300 locomotives in 115 working days achieved on 14.08.2025. Similarly, CLW has also produced the fastest 200 locomotives (CLW Chittaranjan 152 nos.& Dankuni Ancillary Unit 48 nos.) in 75 working days achieved on 28.06.2025 and fastest 100 locomotives (CLW Chittaranjan 79 nos. & Dankuni Ancillary Unit 21 nos.) in 41 working days on 20.05.2025. It is very heartening to note that during the last financial year CLW achieved the fastest 500, 600 and 700 locomotives and in the current financial year it has achieved fastest 100, 200, 300 and 400 locomotives. All this have been achieved under the leadership of their current General Manager, Shri Vijay Kumar.

Here it is pertinent to mention that, for this financial year, CLW has been given production target of 777 locomotives by Railway Board and from the current performance trend it is almost certain that CLW will not only achieve this target but will surely surpass this with ease.

Shri Vijay Kumar, General Manager congratulated the entire 'Team CLW' for this remarkable achievement and stated that he and his team is fully determined and committed to achieve the targets given to them by Railway Board.
