No.DyCMM/HQ/Tender Policy/02

Date: 10.07.2019

**All Purchase Officers
CLW/CRJ & Kolkata Office**

Sub: Placement of limited quantity order on the vendor
whose prototype not yet approved/cleared.

During discussion in the PPM, it has come to notice that on several occasion, firms are appearing as approved vendors in the CLW Vendor Directory for many items. In some of the cases, it is observed that prototype is yet to be approved/cleared. It is also observed that bulk quantity orders have been placed on the firms, but prototype of the items is yet to be approved/cleared, resulting in delay in regular supply of the materials which is ultimately affecting the loco production in CLW. Hence, such firms although appearing as approved vendors can not be relied on for supply of bulk quantities.

In such cases only limited quantity for regular orders can be awarded to these firms subject to supply after final prototype approval.

The above condition should be suitably incorporated in the Eligibility Criteria while publishing future tenders.

This is issued with the approval of PCMM.
